

# MacDon Australia Pty. Ltd. Turns 10

*Submitted by Judith Shaw*

**T**he 19th of July 2007 marks the 10th anniversary of the formation of MacDon Australia Pty. Ltd. The company was formed in July, 1997 after Trevor Greenslade, who had been importing MacDon machinery for 22 years through his own company TCB Imports, decided to 'slow down'. Despite Trevor's desire to slow down he still maintains a close working relationship with the company as its Australian Director.

Brian Kirchhofer, the Manager of the company from its inception, is proud of the Company's success and standing in the Australian marketplace.

"We have to thank our loyal Australian dealers and customers for our success. The support of MacDon Industries Engineering and

Product Support personnel has also contributed greatly to our good name. Each year the Product Support guys make the long trip to Australia at harvest time and cover many kilometers in order to ensure the product's success in the field".

MacDon Australia Pty. Ltd. now has a staff of four dedicated employees:

**Brian Kirchhofer** - Manager  
**Judith Shaw** - Office Administrator  
**Paul Pickford** - Dealer Support Manager  
**Kristen Pickup** - Office Assistant

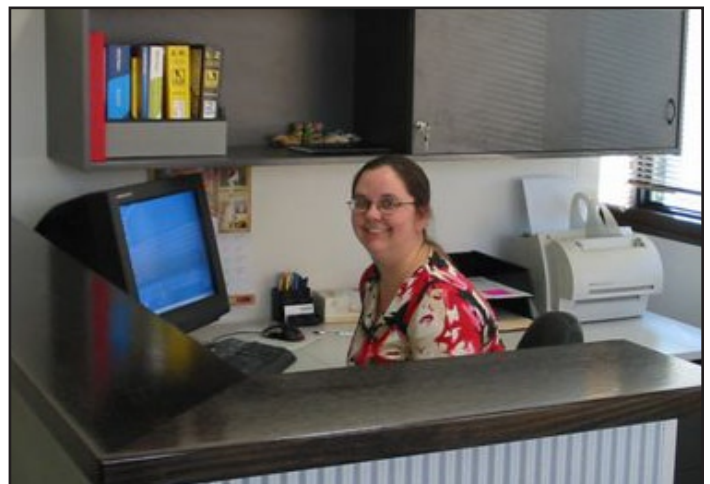

Congratulations and all the best for the next 10 years.

**Brian Kirchhofer and Paul Pickford.**
